PURPOSE-BUILT ECOMMERCE

The complete online store for school uniform retailers

Make shopping easier for parents and manage your online business from one place.

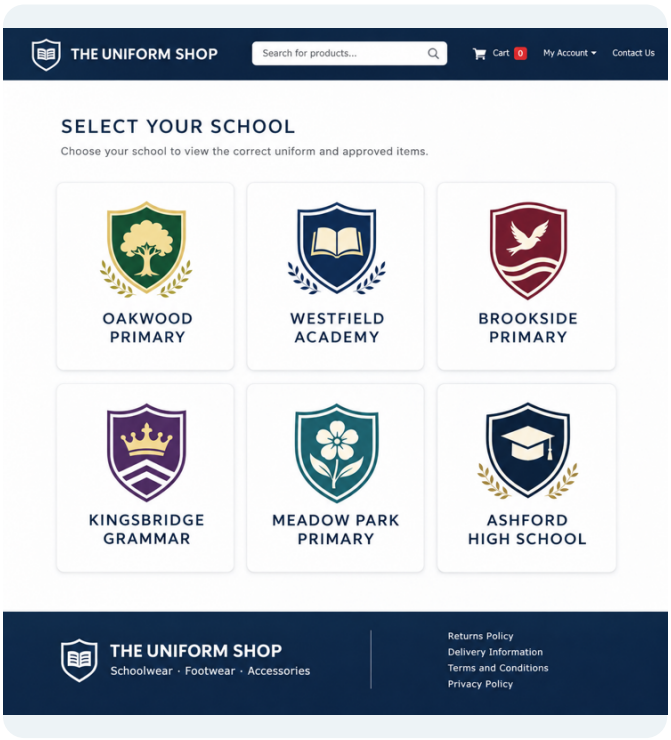
Your branding. Your schools. Your business.

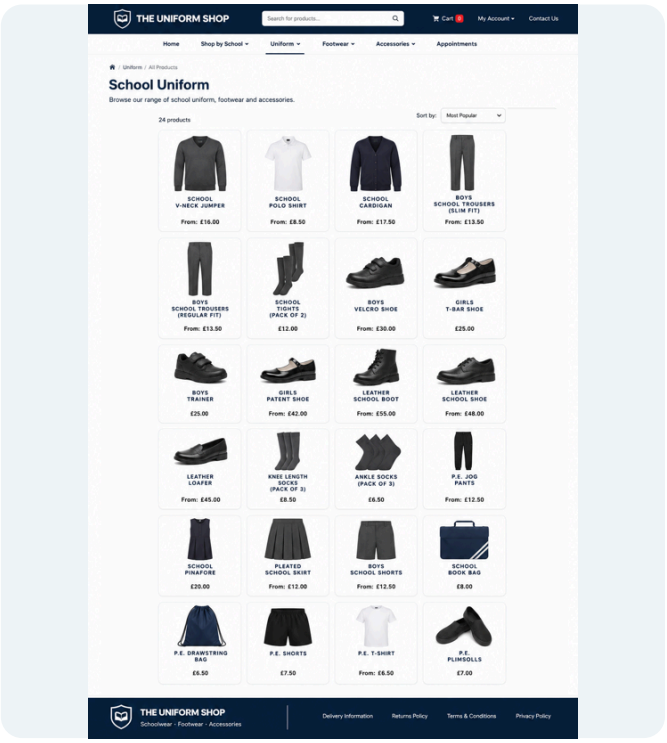
First year of hosting and support included. Request a tailored quote.

THE SHOPPING EXPERIENCE

Help parents find the right uniform

School-specific collections and a straightforward online shopping experience.





Find the right school

Organise uniform ranges by school and help shoppers find products with live search suggestions.

Shop with confidence

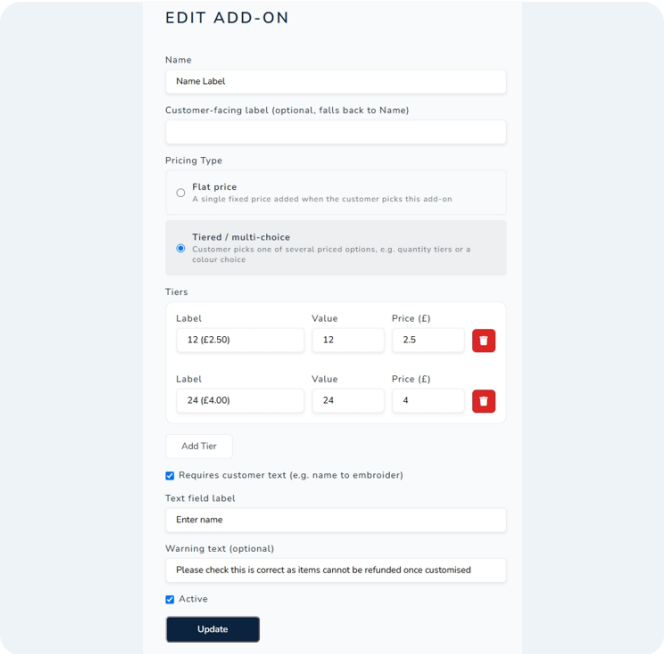
Product images, descriptions, size options and personalisation choices.

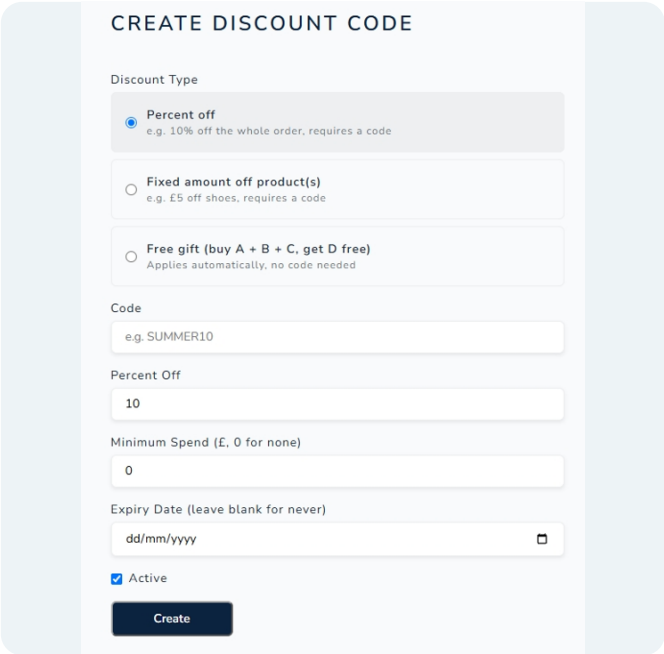
Clear checkout

Review items, apply discount or gift card codes and complete payment.

More ways to sell

Offer useful extras and flexible promotions without changing website code.





Personalised products

Configure name labels, initials and other extras with fixed or tiered prices.

Flexible promotions

Percentage discounts, fixed amounts off selected products and automatic free gifts.

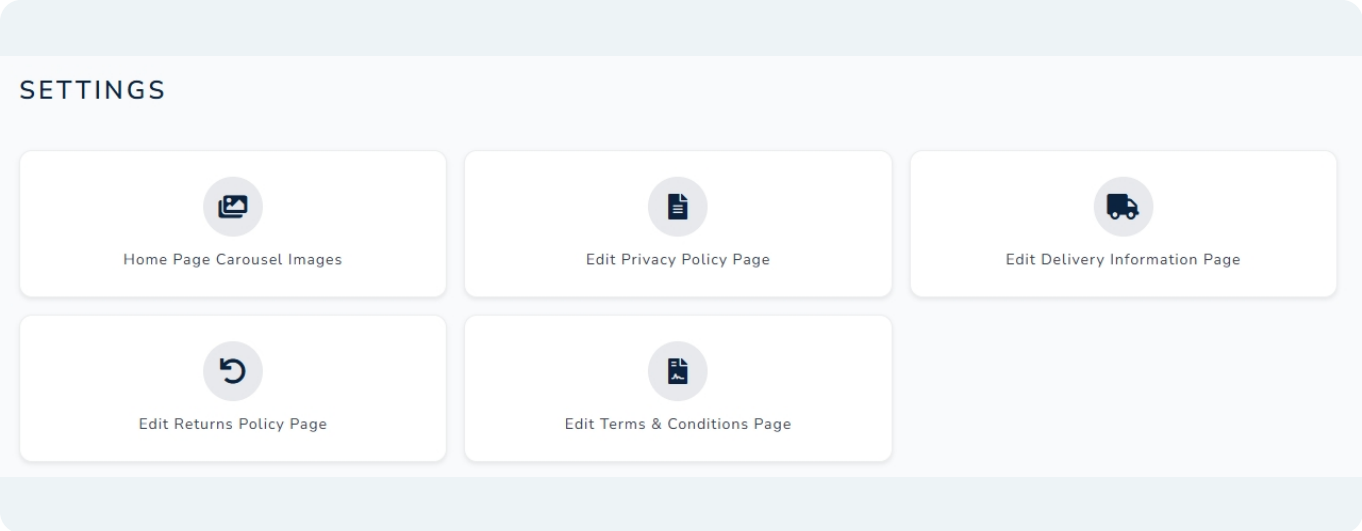
Gift cards

Sell gift cards online or issue them directly from the administration area.

BUSINESS MANAGEMENT

Take control of your store

Manage your catalogue and day-to-day operations through one administration area.



Product catalogue

Manage descriptions, images, publication status and school categories.

Sizes, pricing and stock

Create reusable size ranges and set prices, stock and images for individual variations.

Order management

Review payment and dispatch status, assign orders to staff and manage fulfilment.

Store content

Update homepage banners, delivery information and store policies.

RETAIL OPERATIONS

Connect your online and physical shop

Manage appointments alongside your online catalogue and orders.

Store-specific appointments

Configure booking slots, capacity and opening hours for each store.

Seasonal availability

Set optional booking seasons and collect additional information from customers.

Booking administration

Review appointments by store, date and status, including deposit status.

Sales overview

View sales totals, daily sales and top products through the dashboard.

Designed for school uniform retail

From back-to-school shopping to everyday orders, bring the customer journey and store administration together.

YOUR NEXT STEP

Your store. Your brand.

A tailored ecommerce solution for your school uniform business.

Built around your business

Your branding, school collections and product catalogue.

First year included

Hosting and ongoing support are included at no additional cost for the first year.

Simple annual renewal

Hosting and ongoing support continue for an annual payment thereafter.

Request a personalised quote

Discuss your requirements or arrange a demonstration.
